ABOUT PERBANAS GRADUATE SCHOOL

Established in 1999, Perbanas Postgraduate School alumni spread throughout Indonesia even worldwide to work and serve in the central and regional government, in the State-Owned Enterprises and private finance and banking sector. Its learning system combines theories, business, governmental, social and environmental practices. Perbanas Postgraduate School has three study programs, they are Master of Management, Master of Accounting and Professional Accounting Education.

OUR VISION

To become a leading postgraduate school in economics, finance and banking based on Information and Communication Technology along with innovation.
